### **II. Legal Basis**

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The

Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

### **III. Background**

Under 49 CFR 380.609 driver training is required after February 7, 2022 for individuals applying for a Commercial Driver's License (CDL) for the first time; upgrading their current CDL from Class B to Class A; or obtaining a new Passenger (P); School bus (S); or Hazardous materials (H) endorsement. All drivers of commercial motor vehicles (CMVs) requiring a CDL must have the knowledge and skills specified in 49 CFR 383.111 and 383.113, respectively. An applicant for a P endorsement to a CDL must satisfy both the knowledge and skills required by 49 CFR 383.117.

Tornado Bus Company has requested an exemption from 49 CFR 380.609 and 49 CFR 383.111, 383.113, and 383.117. A copy of the exemption application is included in the docket.

### **IV. Request for Comments**

In accordance with 49 U.S.C. 31315(b)(6), FMCSA requests public comment from all interested persons on Tornado's exemption application. All comments received

before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the “Addresses” section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.
